

## Single Marine Program

The Single Marine Program at MCAS Miramar provides an invaluable platform for Single Service Members and Geographical Bachelors to connect, grow, and thrive both on and off duty. The SMP team creates memorable experiences through recreational activities, volunteer opportunities, and the means to address and improve Quality of Life (QOL) issues. The program fosters a sense of community and provides essential advocacy, ensuring that the needs and concerns of single Marines are heard and addressed.

## Why SMP?

## **Join Us in Making a Difference!**

As the largest demographic of active-duty Marines, Single Marines play a pivotal role in the Marine Corps. Through SMP, they contribute directly to readiness, morale, and total force resilience by advocating for and shaping their QOL. Our work together ensures that single Marines have a positive impact on their lives and those around them.
