CLASS DESCRIPTIONS

BASIC 101 – “101” is a workout that incorporates purposeful movements and core centered strength, using weights, chair, and stability ball. Total body conditioning will challenge all aspects of your physiology while burning calories and building strength with stability.

BYOB – “Build Your Own Body” is a fast-paced, barbell/dumb bell-based workout that’s specifically designed to help you get lean, toned and fit, scientifically proven moves to help you achieve these targets more quickly than you would working out on your own.

GENTLE YOGA – This is a variation of Hatha Yoga which is accessible to students of all levels. This practice is taken at a slow pace and incorporates modifications for each pose that promote bodily awareness. Coupled with breathwork and meditation.

GLUTES AND CORE – Strong glutes and a stable core are the foundation of every movement—from heavy lifting to distance running. Join us at the Semper Fit Center for this targeted workout designed to activate, strengthen, and tone your posterior chain and midsection. Using a variety of equipment and bodyweight movements, we’ll help you build the functional strength needed to perform at your peak. All fitness levels are welcome!

ICG CONNECT – These classes are the new revolution in indoor cycling the focus is on Power Training, Heart Rate, Cadence, each participant will set up their FTP(Functional Threshold Power)) FTP is used to personalize training zones for a more effective and customized workout experience.

ICG CONNECT VIRTUAL CLASSES-LED BY VIRTUAL INSTRUCTORS – A variety of 30 minutes workouts including terrain-focused rides and scenic series for all fitness levels.

PILATES – This is a mind, body, and spirit practice with benefits that include improved posture, better coordination and balance, increased lung capacity, improved concentration and focus, increased body awareness, stress management, and injury prevention. Practicing Mat Pilates helps build strong, balanced body and increases flexibility notice improvements in breathing, you only need your own body and a mat.

POWER YOGA – Power Yoga is a fast-paced Vinyasa-style yoga It emphasizes dynamic movement over meditative movement. Power yoga focuses on finding balance through controlled movements and breathwork while building physical and mental resilience. It combines the traditional elements of yoga with the strength-building aspects of a more intense workout

RESTORATIVE I-REST YOGA – This form of yoga stimulates the parasympathetic nervous system, which slows the heart rate, regulates the blood pressure and relaxes the body. As such, Restorative Yoga is considered particularly beneficial for those suffering from anxiety, insomnia or headaches, as well as other stress-related conditions. Restorative Yoga could just as easily be called “Mindful Yoga” due to the expanded awareness of self and body that comes through the practice of guided meditation.

YOGA – A system of breathing practices, postures and meditation intended to integrate the body and mind to restore flexibility.

ZUMBA – If you’re interested in getting fit through dancing, this is the class for you! Zumba is a fitness program that combines Latin and international music with dance moves. These dance routines incorporate interval training and alternating fast and slow rhythms, to help improve cardiovascular fitness.

ZUMBA TONING – This form of Zumba incorporates weighted toning sticks, this modality focuses on strength.
